Laundry Service Discontinued

Beginning August 12, 1944, will discontinue doing laundry here in Elba and will do just Dry Cleaning as I did before the War. The reason for quitting the laundry business is due to the fact that I can't get the help to operate it and I may be called back to the Merchant Marines at any time.

I have hired a new Cleaner and Spotter in my Dry Cleaning Department and our quality of cleaning is fifty per cent better than it has been lately. At one time I couldn't get the right kind of help to turn out the kind of work I would like for all my customers to have had.

Send your clothes to us or call us and we will come for them. If you have a garment cleaned here and you aren't pleased with it, let me know and I will be glad to see that you are pleased. I have been in business in Elba a long time and expect to stay and I want to please all of my customers if possible. Sincerely,

White Cleaners
